

RIDEAU VALLEY CONSERVATION FOUNDATION NEWS RELEASE

RAIN BARRELS ARE GOOD FOR THE KIDS

April 28, 2014 — Inexpensive, recycled rain barrels now available for order online through the Riverside South Community Association and the Rideau Valley Conservation Foundation. Visit the secure website <http://rainbarrel.ca/riversidesouthconservation/> to order for guaranteed delivery. Pickup on Saturday, May 31 at Claudette Cain Park on River Road near Earl Armstrong.

You don't have to be a resident of Riverside South to order a rain barrel. Everyone welcome.

Rainbarrels give you clean, chemical-free water for the garden all summer long at no cost. They also make your property a functioning part of the local water cycle by keeping rainwater in your garden and letting it infiltrate the ground for a better local environment. That's the good part for the kids. For you, they reduce your water bill if your drinking water is metered. It's really that simple....

Inexpensive, sturdy, safe, fully-equipped for \$55. Pickup Sat May 31 in Claudette Cain Park on River Road north of Earl Armstrong. Proceeds to the community association and conservation.
